Parents are encouraged to: talk to their children about the work they are doing and their next steps in learning as well as looking at their books to see and understand their child's progress and attainment.

Data for your child will be shared during Parent's evenings, as well as within the autumn, spring and summer reports that are sent home. Class teachers are always available to speak to any parents about their child's learning.

In 2018 the percentage of children working in reading and writing at greater depth at Key Stage 2 was above national measures.
