

Governor Newsletter

March 2018

Every year the governors give 'The Governor Award' to one child from each class who is felt to have best demonstrated, by their everyday behaviour and attitude, the values and ethos of The Blake school. Winners have shown the school's values consistently over the past year.

Each of the winners receives a certificate and a £10 book token, funded by the Blake Educational Trust.

On behalf of the Governors, Dr Ernie Gascoigne congratulated each and every one of these children who consistently demonstrate the school values so well and help to make our school a safe and happy place.

"Lottie consistently demonstrates kindness, compassion, perseverance and humility."

"Bella is kind to her friends and aware of other's needs. She always tries her best in lessons and is proactive in challenging herself."

"Rory always tries his best at everything he does. He is a kind boy, who consistently plays nicely and is considerate towards others."

"Dylan always works hard and upholds the school's values."

"Isabelle is such a hard working girl, she always tries her best and is always the first to offer help if someone is hurt or struggling with their work. Her kind and caring nature shines in our class."

"Jessica is always being kind, considerate and helpful and with a very humble attitude. She has also grown in confidence contributing her ideas in class."

"Abigail approaches all school life with positivity, perseverance and great humility."

"Luke has persevered with his learning, is caring towards others and approaches life with joy and enthusiasm."

"Eva consistently demonstrates our school values, striving to do her best while caring for others in our class."

"Alex consistently lives out the values of The Blake School. He always tries his best, is kind, thoughtful and approaches school life with humility and quiet enthusiasm."

"Felicity has a quiet, calm and caring approach to all aspects of school life."

"Norhan consistently perseveres when faced with challenges and approaches each new day with kindness and a smile. She is a joy in class."

"Grace demonstrates the school's values both in and out of the classroom."

"Noah consistently demonstrates all our school values. His kindness and compassion particularly shine through and make him a good friend to everyone in our class."

The children were asked to give examples of the kinds of things that they do that are the reason they think their teachers nominated them for the award; they said-

"I play nicely"

"I show love in all I do"

"I always help my teacher"

"I persevere with my learning and give time to getting better."

"I help my friends"

"When people are stuck with their work, I help them."

"I play with people who are not my best friends so that they are not lonely."

"I work hard."

"When people in my class are in trouble I look out for them."

"I change what I play in the playground to help people who have red cards have a great playtime."

"I have changed my mindset."

"I think of someone else before thinking about myself."

"I have changed myself so now I am a different person to how I was last year."

One of the teachers spoke for everyone when she said that these children are a credit to The Blake School.

When they received the award the children said that they felt -

"surprised"

"amazed"

"happy"

"good"

"shocked"

"a bit scared!"

"joyful"

"honoured"

The Blake School values for this academic year are: caring, responsibility, trust, humility, justice, love, mercy, wisdom, patience, peace and respect.

Committed to the care and education of your child within a Christian setting
