

The governors would like to extend their thanks to the team at Portakabin Limited for all their help and assistance in delivering a Portakabin to the school site and connecting it up to the essential services within a very short time frame.

Portakabin Limited worked closely with staff and governors to ensure that a cabin that met the school's requirements was delivered and installed with no disruption to the school and particularly to the children's learning.

The Portakabin, which can be accessed from the playground to the front of the school, is situated between the hall and the Year 4 classrooms. The building, which has two rooms and a toilet was, within the first week of the new term, already well used.

The building is being used as an additional learning and breakout space for children across the school. Over the coming term many children will have the opportunity to spend some time in the Portakabin. The space may be used by groups working with a TA, or a teacher may decide to use the space for some quieter or more reflective discussion times with their class.

The smaller room is being used as a quieter withdrawal space for children who from time to time find the demands of the classroom a challenge. Well trained staff are supporting children using this space to enable them to return to their classrooms and continue their learning.

At the end of the 2019, ODST amended the 'Scheme of Delegation', which sets out the powers that are delegated to governors at the school, as well as the make up of the Governing Board.

Governors now have slightly more flexibility in the make up of the Governing Board. They have retained all their delegated powers.

You can find out more about the work of the Governing Board and who the Governors are by looking at the [school website](#) and reading our termly summary of business.

If you wish to contact the governors you can do so via their email address [governors@blake.oxon.sch.uk](mailto:governors@blake.oxon.sch.uk)
