

If you, or a member of your household, are contacted by track and trace or if your child is sent home from school because of a positive Covid-19 case -

The individual who has been contacted by track and trace, or who has been sent home, must self-isolate. They must stay at home and must not leave the house except in a medical emergency.

Neither the individual who has been contacted, or who has been sent home, nor any member of your household need to book a Covid-19 test **unless** they have any of the following –

- A high temperature
- A new or continuous cough
- A loss of, or change to, their sense of taste or smell.

There is no need for any other members of your household to isolate / stay off school unless they have any of the symptoms above.

Please email, or telephone the school office 01993 702840 or office.3600@blake.oxon.sch.uk to let us know that a member of your household is isolating. If you leave a message please make sure you state your child's full name, their year group and their class teacher.

If the person who is isolating, or any other member of your household, develops any of the symptoms above, they must book a Covid-19 test as soon as possible. As soon as any individual in your household has Covid-19 symptoms, the entire household must self-isolate/stay off school, until a test result is received.

Please contact the school to let us know that someone in your household is symptomatic and awaiting a test result.
